General information

Equitation, Working riding and Performance riding: This show is traditionally one where riders try out a new class or a new height. Normal minimum requirements do however still apply in terms of dress code, tack and turnout. The fact that this is a Training show will however be taken into account during judging, especially in the Introduction classes.

Mini-derby course: This event may include a ditch with jumps, Liverpool (water jump), a bank and upward or downward steps.

Riders will not be eliminated if horse refuses any obstacle (just penalised). After 2 attempts rider and horse must proceed to next obstacle.

Other:

- SANESA and SAEF rules apply.
- School t-shirts will be permitted in all classes, except Showing classes.
- A limited number of late entries and re-entries will be accepted on the day at the judge's discretion. Late entries will be R200,00 and re-entries will be R120,00. Riders won't compete for a place or prize.
- Cash only and payable at the judge of each particular arena.
- Ponies and horses will be limited to four classes for the day.
- The judge's decision in all matters is final and no correspondence will be entered into.

Indemnity to be signed by all competitors or their parents/legal guardians

I declare that the above particulars are true and agree to be bound by the relevant rules of SANESA. Neither SANESA, De Burgh Equestrian centre, Die Hoërskool Menlopark or its agents, employees, officials, contractors, volunteers or any other person associated with the running of the event shall be responsible or may be held liable for any loss, damage or injury, including consequential losses suffered by or caused to any person or property on or around the premises on which this event is held.
